Profile

Adaptable professional with diverse internships in Java, Machine Learning, and Full Stack Web Development Excelled in fast-paced learning environments, demonstrating exceptional teamwork and collaboration skills. Eager to apply technical expertise and collaborative spirit to drive project success. Self-directed Work Study Student motivated to apply education and experience in job role. Excellent listener comfortable completing various tasks to keep operations running smoothly.

Education & Qualifications

Aug 2021 - May 2025

BE Computer Science and Engineering

Good Shepherd College Of Engineering &Technology, Kanyakumari

Projects

Pizzamania Billing System

Jun 2024 -Jul 2024

https://drive.google.com/drive/folders/1_XsuC4a6Q4r7wEGL5gpVY3xpeaSX2bg7

The Pizzamania Billing System is a Java-based application designed to streamline billing operations in a pizza shop. It allows users to take orders, calculate prices based on selected pizza types, sizes, and toppings, apply discounts or promotional offers, and generate a detailed bill for customers. The system uses Java Swing for a graphical user interface, providing a simple and intuitive layout where employees can quickly input orders, select customizations, and process payments. This billing system improves accuracy, efficiency, and order management by automating calculations and minimizing manual errors. Additionally, it can store order data in a database, making it easy to track sales and generate reports.

NovaBot

Feb 2024toApr 2024

<https://drive.google.com/drive/folders/1KVw1YBSu4Aut3ZuEcvxcmqCB72CNoKkZ>

NovaBot is a bot application developed using Flutter, designed to provide users with an interactive and efficient assistant for a variety of tasks. Leveraging Flutter's cross-platform capabilities, NovaBot delivers a smooth user experience on both Android and iOS devices. The app integrates AI-powered chat functionalities, enabling users to interact with the bot for help with tasks such as setting reminders, answering questions, and providing information on various topics.
